

TableInfoPages::currentAction

WriteOffPerson::on
_btn_LogOff_clicked

WriteOffTableModel
::bindTable

```
graph LR; A[TableInfoPages::currentAction] --> C[WriteOffTableModel::bindTable]; B[WriteOffPerson::on _btn_LogOff_clicked] --> C;
```

The diagram illustrates a call graph where two different source functions or actions point to a common target function. The first source, 'TableInfoPages::currentAction', is located in the top-left box. The second source, 'WriteOffPerson::on _btn_LogOff_clicked', is in the bottom-left box. Both have blue arrows pointing to the 'WriteOffTableModel::bindTable' function, which is contained within a grey-shaded box on the right.
